No. of participants: 57	Target group: Forestry and Agricultural Advisors, Wood processing industry

Type of meeting

technical training

Short summary:

Technical training was organized in Croatian Forest Society in Zagreb. We got quality support from professor from Faculty of Forestry in a form of excellent presentation on research and new laboratory for standards determination which is being established at the faculty.

The training was consisted of four presentations:

1. Wood biomass - prof. dr. sc. Zeljko Zečić i Dinko Vusić, Faculty of Forestry
2. Biomass district heating - Velimir Šegon, REGEA
3. Biomass boilers - Marko Grđan, Centrometal
4. Activities of Ministry of regional development, forestry and water management regarding biomass projects – Zlatko Benkovic, MRRSVG
