

Wp: 2/ T 1.6	
Country: Croatia, Krizevci	Date: 06 November 2009
No. of participants: 30	Target group: wood biomass suppliers and potential investors in woodheating systems

Type of meeting

workshops for buyers and sellers

Short summary:

Main goal of preliminary workshops was to present idea of project "Woodheat solutions" to potential investors and local suppliers of wood biomass in the selected region. We present wood biomass advantages in comparison to other energy resources and try to explain what would be the benefit to city of Krizevci and local population if they would use heating system on wood biomass in the future.

Workshop for sellers:**1. Program za inovacije i konkurentnost EU (CIP 2007-2013)**

Snježana Pavlovski - Ministarstvo gospodarstva, rada i poduzetništva

2. Šumska biomasa obnovljivi izvor energije

Blaž Štefanek, dipl. ing. šum. - Šumarska savjetodavna služba

3. Cjenik šumske biomase i višegodišnji ugovor

Tomislav Starčić, dipl. ing. - Šumarska savjetodavna služba

Workshop for buyers:**1. Područno grijanje na biomasu: Prikaz mogućnosti**

mr.sc. Velimir Šegon - Regionalna energetska agencija sjeverozapadne Hrvatske

2. Sektor šumarstva i drvne industrije u gradnji bioenergana

Zlatko Benković, dipl.ing. - Ministarstvo regionalnog razvoja, šumarstva i vodnoga gospodarstva

3. Aktivnosti i financiranje programa i projekata Fonda za zaštitu okoliša i energetske**učinkovitost u području obnovljivih izvora energije - biomasa**

Mario Mihetec, dipl.ing. - Fond za zaštitu okoliša i energetske učinkovitost

On preliminary workshops we got positive feedback. Participations saw their benefits in cooperation with the project. They think biomass is a business potential for them.

We got some participants interested for study tour in Finland and Austria in the next period of the project.
